
EvoScan 2.9

The EvoScan 2.9 supports logging of various parameters of the engine including EGR valve,.... Oct 12, 2018 logico Big Bang DIY computer - We are here to help. Here are the steps to upgrade your laptop to a DIY computer. You will need a laptop or a computer with USB-C port, not USB-A port. And preferably should be £50 cheaper in price! No more messy with an open box - No more glue and soldering! And it's a lot more simple . Mar 21, 2012 Fast install of Win7 on netbook - As a newbie, I installed Win7 in an hour and a half or so on a netbook with few problems and here are my tips: First, make sure you use a Windows 7 version that is . Mar 21, 2012 large capacity modification ATOM - E52L/E53L ATOM 510 motherboard - forum - Cover for E53L ATOM - £15 + VAT £30 - I ordered the driver disks and headers after ordering this and they arrived today, everything else was pre-£15 + £ adds. If you are going to order anything then, get £15 worth of extra . Apr 07, 2016 EcuFlash 3.0.1v.2 - Upgrading the firmware by yourself - If you are a robot using a laptop/desktop to create the firmware using EcuFlash, you will soon find it's very inconvenient to get the files and install them manually because with the upgrade itself; you will get some new firmware to install as well. This is £80 that I will pay to EcuFlash for the upgrade, as well as all the hassle to install it manually, especially if we have many upgrades! And £80 is very costly for a low-cost upgrade . EcuFlash Question: Using the new standalone logging feature. Do I need to install all logging drivers and step the logging program? When I put a card in the OBDII slot on my tow truck, all that information goes to a laptop, and the laptop is connected to a computer with log-viewing software. I use evoscan 2.9 so I would like to know if I only need to install the evoscan logging driver (per system requirements), then update the logging software (evos
