Blocks Naz Download Total Overdose _BEST_

Using a text editor, some Total Overdose users change the game settings in the blocks.naz file to enable some cheats, such as "god mode", full ammo, ... but in doing so they forget that all of these cheats are disabled when you load the game. So they end up playing "God Mode" and taking real-time damage, so now they're completely stuck in the game. To help with this problem, I created a cheatsenabled.txt file and built it into the game. I included the following cheats: " God Mode", "Infinite Ammo", "Unrest", "Unrest and Ammo", "Full Health", and "Unrest, Ammo and Health".
