I am so happy to finally get my free trainer. I think it is the best trainer that has ever been released. I have to say that it is a little overpriced but it is still worth the money. With this trainer you get the mask and some costumes. The mask is awesome. It looks so good, it is like a sniper cam on your mask. The costumes are like the outfit in SWAT 4, only bigger, and are more expensive. They are awesome. They make your character look so bad ass that you become the target of every video game thug in the whole city. It is awesome. I give this trainer 5 stars. I would definitely recommend this trainer to any one that wants to level up quickly. I am so happy to finally get my free trainer. I think it is the best trainer that has ever been released. They have quality, and a large amount of trainers. My bad for not recommending them before. This trainer comes in 3.0.1 form, and it is a trainer that has 14 different unlockables. This trainer is the best in my opinion. I give this trainer 5 stars. I would definitely recommend this trainer to any one that wants to level up quickly.
