, March 21, 2008 - and co-author of Management Science (4th ed.), . 9. Project management.
366. PART TWO: Supply chain management. Transfer packet size. In this section, we will describe the transfer packet size, which is the amount of data transmitted from the provider to the consumer. We will start by determining the number of points where a data packet is transmitted and the length of that packet. We then move on to the size of the transmission packet and try to determine if it makes sense to use shorter packets. 10. Project management.
376. PART TWO: Supply chain management . Supply chain management for a manufacturing enterprise. Transfer packet size.
