### ■ Story content

A story in which the power of the Elden Ring shines, with the vast world of the Lands Between. The setting combines both the world of Almadel as well as the world of Baten and Harthian times. A country with elegant architecture, advancements in technology, and countless wonders can be found, as well as places where prosperity grows bountiful flowers in a mystical forest, where elves once lived, a walled city entirely built by dwarves, a terraced plain ruled by rakshasas, and a jungle full of sage palms. In such beautiful and mysterious places, battles and alliances will unfold once you seize the power of the Elden Ring.

### ■ Bestiary of Monsters

**Bornea: A demon that infests corpses. As the corpse heals, it turns into an entity that eats a variety of organs, such as hearts, and even the part of the brain that stores memories. Active with a weak sense of magic, Bornea is peculiar in that it becomes violent for no particular reason, causing it to attack several times in one day.**

**Ragnavian: An elf-demon. The amber-like Eye that it bestows on its victims turns into a rune of killing, using their existence as a basis to suppress their True Natures**

Rand Paul believes the U.S. could issue President-elect Trump a passport to get back into the country after he's been detained at his Mar-a-Lago resort. "If you're not a U.S. citizen, you're not allowed to be a citizen. So, I believe he should be able to get a passport to get back into the country. [He] shouldn't be in jail for breaking the law," the Kentucky senator told CNN on Sunday. "On the other hand, if you're not a citizen of the United States, you're not a citizen at all." Paul said he, along with at least one other senator, has been making calls to Trump to assure that he's getting proper legal counsel and has a chance at getting through the legal system. "I personally have been making phone calls trying to get to the bottom of what's going on and see what happens to him and what's going to happen to him so he can be allowed to travel," he said. "But I'm sure he's going to have difficulty in getting any kind of habeas corpus." Paul's comments came on the heels of Trump's press conference, during which he also spoke to the issue of possible legal intervention for Trump. Trump said "I'm going to let it play out a little bit" but added that the Secret Service
