We want to make sure that you're totally comfortable with everything we do. That's why we're here to start by saying really clearly, really clearly, really clearly what we do, how we do it, why we do it, and, very importantly, how you can run your own copy of our software and get ahold of your own code. A few years ago, the definition of what constituted "family" or "extended family" in family-oriented activities like cooking became significantly more complicated. The patriarch I spoke with in the kitchen above is part of that new spectrum, an equal-opportunity eater whose kids wanted nothing to do with his burgers and hot dogs and egg rolls. For the uninitiated, wok-fried Vietnamese noodles are perhaps best remembered from the slew of noodle commercials featuring David Hogg or the "fat and lazy" girl from Love Boat, or for that matter from being a significant contributing factor in the 1998 creation of my favorite beach app. But for many years now, you've been able to pop into a Vietnamese restaurant and order a pan-fried rice-based bowl of noodles for about \$3.60. I'd been living in a Thai-American household for just about as long as I'd been a regular reader of K&L, and wok-fried Vietnamese noodles, with their soft, springy texture and great balance between salt and blandness, were one of the first dishes of my formative taste-forming years that connected with me viscerally. The street food I'm used to in Vietnam is both cheap (see what I did there?) and ubiquitous. So when I was in San Francisco recently, I stopped by Allen's Restaurant to try a bowl of the dish that had brought such pleasure to me in a little seafood shack in the city's Mission District. I wanted wok-fried Vietnamese noodles, in a good and honest Vietnamese restaurant. The more I thought about it, the more I realized that this was a pretty tall order. Now, as I often do in seeking a specific dish that I enjoy, I reached out to
