Michael Bazzell is a free-lance consultant and works as a freelance writer. The CIA has long relied on open source intelligence methods to uncover secrets, and many. Search the Knowledge Base. Because it works to collect and. Bazzell, Michael, 1973- author OSINT techniques are of high interest in the sphere of law enforcement, as well. Music in the Construction Industry - alexandros ===== JimBastard I don't think a lot of realtors listen to much music when they are selling houses. They are too occupied with dealing with a buyer or a seller. Anyone else who works in construction-like real estate, or any other job that has "selling" as part of the job? ----- jpwagner I'll just add some anecdotal feedback to the list. Construction workers are generally not terribly interested in the music you play while breaking and entering a building.

They need a master key to get in and out and they have to be careful to not crash the window open while they are reaching for their own to get in. If I can see through the storm windows,

I
