I work from home so I don't have to leave the house to get work done. However, finding work can be a bit of a hassle. I work in the medical field and need to be around people. So, in the winter, I try to work 3 days a week. As summer comes around, the dates change and I try to get 5 days a week. Unless, there are big projects, I try not to get too many at one time. I do my best to have a long schedule so I don't keep getting behind. One thing I've come to realize is that it takes time to get things done in the field. Something could go wrong on a project and you can't get back to it. You can't just pick up where you left off. You actually have to start from scratch. I've learned that it's better to be prepared for setbacks, rather than have them throw you off your game. One of the primary reasons I've found that I can work from home is a lot of people out there just don't like having people in their space. If you're one of them and you have problems working with me, keep in

is a racecourse and leisure centre with an emphasis on equestrian events. In the centre of Reading, the venue is just a hop, skip and a jump from Reading Station. It's situated in the Thames Valley, just 10 minutes from the Parkway rail station and a stone's throw from the Princess Parkway in the leafy and lively area of Long Lake - a UNESCO heritage site. Here you can see why they call Reading "The Renaissance Capital of the United Kingdom". Fancy a day at a racecourse that's almost on our doorstep? We've got you covered. Visiting with kids We're very proud of the atmosphere at the Nightingale Downs venues and you'll find it retains its warm family atmosphere throughout the year. There are plenty of options for children to play around the venue, or entertain themselves using activities found at the venue. Our dedicated team are on hand to make your visit a day out you'll always remember. From buggy drops, where kids can take the controls of a horse-drawn miniature car on the track to experience how a 12th century land road might have been. This way, they can feel the wind, absorb the excitement of the ride and rest their legs. If it's jodhpur or cycle that they prefer, then the Joker's Trail has got to be right up their street. The place for off-road riding, both two-wheeled or pedal, ride-on types or even bikes of all types. The Joker's Trail is great, it's easy to use because of the flatness of the land, and children really enjoy riding around in circles, the whole point of off-road cycling is the riding in circles (provided they don't end up in the dustbin) with spins and flips and jumps... it's great to offer them the opportunity because you know that eight out of 10 of them will try a few 360 wheels. The Ball Tournament is a chance to see who can play the most whifferty, slap & egg lovely on drums, the more people in the arena the better. Please remember to stay to watch. The music acts on offer are much more than just a spot of horse riding. One of our favourite acts is The Shringar Shehr Music Family. Here you'll find both traditional sitar music and sitar raga music

that's quite easily accessible and understanding to the beginners. If you're looking for something a bit more challenging then have a listen to The Krishnas... a

Which points to another question: What does the Green New Deal really look like?
