FIFA (from the three "F"s - football, fun and friendships) is EA SPORTS FIFA's second-generation football game and the brainchild of acclaimed developer EA SPORTS. FIFA has since become an integral part of sports gaming and is the most widely recognized football game in the world, with over 370 million registered players across PC, PlayStation 2 and PlayStation®3. 2014 FIFA World Cup Your Free Kick On the pitch, the new ball mechanic, player collision and AI updates mean your free kicks are more accurate, while goalkeepers now make more confident saves. You can also play more like the real players, with better ball control and dribbling skills.
