"I had a really good time exploring the lands between, and actually I was able to complete the main quest within a day. Thanks to the game's frequent checkpoints, I was able to easily save time and get back to the quest even after skipping town. I also really enjoyed exploring all the different cities in the world, and I was able to easily enjoy the content and battle system." Reviewed on NCSOFT's blog "I spent a lot of time in Elden Ring, and I can say that the game really delivers on its promise. I found it fascinating as the game progressively introduced new elements, such as other NPC characters and a rich story, and as the game progressed, I was able to feel the epic drama of the Lands Between." Reviewed on Game of the Week "I also really enjoyed the game's battle system. Each character has their own unique fighting style, so as the story progresses, you'll be able to play in a variety of ways and overcome enemies using your skills." Reviewed on Game Site "The story is just as interesting as you would expect from an RPG and the art and music are just as varied as any other RPG you would find. As the tale progresses, you'll come across more and more interesting things and you'll feel like you're travelling the Lands Between as you further your journey. In short, Elden Ring is really worth playing." Reviewed on Game Site "I am really enjoying the game, and it already feels like an RPG that will make me invest many hours to play." Reviewed on Game Site "The

battle system is also amazing. If the game didn't have an Overwhelming Weapon system, it could be a real challenge to complete the main quest. But as it is, it's very challenging to understand what each weapon does in combat because it's not only system-specific, but weapon-specific too." Reviewed on Game Site "Taking into account the game's long development cycle, the fun I've had with the game thus far is greatly enhanced by the fact that I've seen many elements and parts of the game that I'm confident they'll be implementing into the final game. bff6bb2d33
