
A380 For X-plane By Peter Hager.torrent High Quality

ALL of our Airbus and VFW 614 models are configured for X-Plane 11 and 10.51 (32 and 64 bit) with OSX, Linux and Windows. ... Liveries A380! This was done with: - X-Plane 11 (32-bit) + VFW 614 (version 3.6.4) - X-Plane 10 (32-bit) + VFW 614 (version 3.6.4) - X-Plane 10 (64-bit)) + VFW 614 (version 3.6.4) X-Plane 11 does not contain any changes or fixes that are required to fly the A380. X-Plane 10 contains fixes for the A380 flight. I tested both X-Plane and Xplane 10. I can also run both with Xplane 11 to see if it works.
