January 24, 2022 - Coub is YouTube for video looping. You can take any video, trim the best part, merge with other videos, add soundtrack. Facebook uses coub to track who is watching your videos. People who have access to your account can view and like it, but it's not the same as following you. If you watch a video for too long, people will see it. They will become your followers. This way you will get more likes and followers. What happens when you start looping a video? Facebook will generate coub. Facebook keeps track of who is watching the video.
