## DayZ 1.7.4.4 Download HOT!

dayz is a standalone mod for arma 3, which adds a full-blown, open world, post-apocalyptic survival horror game with hardcore survival mechanics, regular updates, a pretty in-depth crafting system and a high-quality visual look and feel. dayz is a standalone game that allows you to explore a huge, open world, post-apocalyptic environment, virtually. dayz is a full sandbox game, meaning that there are no set goals or missions for you to complete, you can do whatever you want and the game will reward you for it. you can go out and shoot anything you see, set up camp and get some rest, or find a way to craft, scavenge and build the equipment you need to survive. everything you do in dayz has real consequences. your decisions will have real consequences on your character, whether you survive or are exterminated. every action you take has an effect on your character's health, hunger, and stamina. and in turn, your character has an effect on the environment, whether you use a machine gun to fend off the undead, or build a bunker to protect yourself from the elements. dayz mod for arma 3 is a pure survival experience, you have to survive and you have to survive alone. you can scavenge, collect resources and build shelter to survive but you can't use weapons in the game. you can only find guns outside the game. you have to survive in this huge open world of chernarus with no hope, no place to go, no people left, no internet, no nothing. but you must survive. the environment in dayz is dynamic. in addition to the weather there are also constant changes, weather and weather events, such as fog, snow, rain, lightning, rain storms, thunder, wind, tornadoes, hurricanes, sandstorms, floods, and earthquakes.
