## **Hyperspin Wheel Pack**

March 19, 2016 - Nintendo 64 Game Wheel Pack 1.0. (1 review). HyperSpin. K ... HyperSpin "HyperSpin" is a new system that allows you to use 360 â€⟨â€⟨degree controllers. The game can be played as one of the parties (for example, for the rebels or their leader, for the Empire or for the "super villain"), or both sides at the same time, simply by turning the controller. The game can be played as both sides at once by simply turning the controller. As you play, the gamepads will spin on their axis like a real hyperspin. dd2bc28256
