DriverEasy.com is a leading website to download Drivers in the world. Since its inception in 1995 we have been providing a fast and free way to download Drivers for your PC free of cost. We are growing as the leading Driver website and doing a great service for our customers in the world. Driver Easy is an application for updating drivers that support your computer. Using the program, the update is based on the Microsoft Driver. The application is free to use in most operating systems. The software can be used to update your drivers as well as create restore points for your computer. This software is compatible with Windows 10, 8.1 and 7. Driver Booster scans and matches available drivers on your computer. Once it is done, you can install the matching drivers which downloaded from official manufacturer sites or can get the downloads from its integrated online database. The scan can easily find all drivers in your system. Then, Driver Booster allows you to install or update your drivers in three easy steps. The first step is just to download the drivers. The second step is to install the selected drivers. And the third step is to make the drivers activated. To make these steps simple, Driver Booster does the talking for you. When you install a driver, the software notifies you to restart your computer. The most interesting feature of Driver Booster is that it allows the users to update all of their drivers automatically when new versions are released by just one click. This is because Driver Booster is a powerful tool that can automatically update all of the versions of your drivers. You don't have to worry about installing and updating the drivers manually because it will do it for you.
