a spinoff of the original grand theft auto series, grand theft auto: vice city follows the story of playable characters marty and marvin, who are members of the criminal gang the vice city boys. when marty's home of liberty city is visited by an unseen enemy and destroyed in the ensuing gunbattle, the two escape to the

sea, where their boat is destroyed and they drift at sea until rescued by a passing freighter.

the two are then taken to an outpost of the mob at the calabasas airfield, and when the lieutenant of the mob decides to have them killed, they are rescued by a vigilante named max payne and taken to an abandoned

hospital where he is treated for his wounds. at the end of the game, marty and marvin decide to break off from the mob and return to their lives as civilians.

grand theft auto: vice city is the second game in the grand theft auto series of open-world action-adventure games, and the first developed by rockstar north. developed for the playstation 2 console, it was released on october 27, 2002. the game is the sequel to the 2001 game grand theft auto: san andreas, and takes place in the fictional san andreas, which is based on southern california. in it,

players control three protagonists: two criminals, carl "cj" johnson and ricardo "rico" tubbs, and the third being a vigilante named max payne. the game's story is set three years after san andreas. the game was later re-

released on playstation 3 and xbox 360 as grand theft auto: vice city stories. grand theft auto: vice city is the second game in the grand theft auto series of open-world action-adventure games, and the first developed by rockstar north. developed for the playstation 2 console, it was released on october 27, 2002.
