Menu. Download Crack Software & Serial key Free Here. * .. Download. Windows 10 Product Key can use to make the activator key like the Microsoft in the product key & can use the most of the recent version.. Q: How to fit an image using TImage in Delphi in Win32? I'm trying to display an image in a TImage, but the image is not scaled correctly. The image should appear 'cropped' on the top and at the right side of the 'container'. I'm using an unbound control (style = csDesigner) with a bitmap image as a source. Here's the code: procedure DrawImage(img: TBitmap); var rcClient: TRect; rcItem: TRect; i: Integer; i2: Integer; imgx, imgy, hmga: Integer; begin imgx := 0; imgy := -1; hmga := Screen.Height; rcClient.Bottom := 0; rcClient.Left := 0; rcClient.Right := hmga; rcClient.Top := 0; for i := 0 to 3 do begin imgx := 0; imgy := -1; for i2 := 0 to 4 do begin imgx += rcClient.Width; imgy := hmga;
